Backpack Light black

Notebook backpack for business and leisure

Thanks to its simple design in two colours, the Light backpack is ideal for any situation – be it day-to-day business activities or leisure. Notebooks measuring up to 15.6″ can be securely stowed away in the spacious and lockable main compartment. A padded slip pocket with an elastic hook-and-loop fastener guarantees that your device will be held securely in place without slipping. For tablets measuring up to 10″, there is another slip pocket fitted in the backpack interior.

So you can quickly find what you're looking for when you're on the move, the Light backpack has an easy-to-access compartment on the top. The slip pockets in the front compartment are ideal for storing your mobile phone, pens and other small items. Breathable padding on the rear and length-adjustable shoulder straps provide extra comfort, while reflective details also keep you safe at night when you're out and about.
